### **REPRESENTATIVE HUTTER INVITED TO ATTEND NATIONAL FEDERATION OF WOMEN LEGISLATORS ANNUAL CONFERENCE**

State Representative Nita Rusich Hutter, District 104, has been invited to attend the 2006 National Federation of Women Legislators Annual Conference. The conference is an engaging forum designed to encourage networking and building alliance among legislators from every state and foster an environment in which legislators share their legislation with their colleagues. The 2006 NFWL Host Committee hopes to provide opportunities through workshops and roundtables discussing issues of concern in the states, and offer a place for state legislators to learn about industries' and associations' innovations, technologies and products and programs through presentations and exhibits.

The National Federation of Women Legislators is a foundation that intellectually equips sitting women legislators for debates in their respective state houses.
